FAIZAN AHMED

SOFTWARE ENGINEER • JAVA DEVELOPER

Mumbai, India | 7977949169 | ahmed.faizan2710@gmail.com

PROFILE

Java Software Engineer with 5+ years of software development experience building enterprise applications for mutual fund, core banking, and financial services domains. Strong expertise in Java, Spring Boot, Hibernate/JPA, RESTful APIs, Microservices, Spring Security, PostgreSQL, MySQL, Redis, AWS DynamoDB, Docker, Kubernetes, Jenkins, Git, and Agile/Scrum. Experienced in backend development, API integration, database optimization, caching, authentication and authorization, global exception handling, unit testing, and cross-functional collaboration.

SKILLS

Programming: Java, Core Java, OOP, Java EE
Backend: Spring, Spring MVC, Spring Boot, Hibernate, JPA, Spring Security, Spring AOP, Microservices
API & Integration: REST APIs, RESTful Services, API Integration, Swagger, Postman
Frontend: Angular, React.js, JavaScript, HTML, CSS
Databases: PostgreSQL, MySQL, Oracle SQL, SQL Server, Redis, AWS DynamoDB, NoSQL
Testing: JUnit, Unit Testing
Cloud & DevOps: Docker, Kubernetes, Jenkins, Microsoft Azure DevOps, Apache Tomcat
Version Control: Git, GitHub, GitLab

EXPERIENCE

NEOSOFT *May 2025 – Present*
Mutual Fund
Digital investment platform focused on customer engagement, investment workflows, and portfolio performance analysis.

- Developed and maintained Java Spring Boot microservices for folio management and transaction workflows.
- Integrated KFintech external APIs for real-time data synchronization using RESTful architecture.
- Implemented global exception handling, standardized error responses, and application logging.
- Implemented data access layers using Hibernate/JPA for reliable and maintainable database interaction.
- Developed complex PostgreSQL queries and applied indexing and query optimization techniques.
- Integrated Redis caching to improve application performance, response time, and scalability.
- Worked with AWS DynamoDB as a NoSQL database for application data requirements.
- Created technical documentation supporting maintainability, scalability, and future development.
- Collaborated with QA, DevOps, and frontend teams in Agile/Scrum environments and participated in sprint ceremonies.

KIYA.AI (INFRASOFT TECHNOLOGIES LIMITED) *August 2022 – April 2025*
Core Banking System (CBS)
Web-based core banking application for bank employees to manage customers, accounts, loans, transactions, and banking operations.

- Designed, developed, tested, and maintained backend application components using Java and Spring Boot.
- Implemented Customer Management, Account Management, Loan System, and Transaction System modules.
- Developed secure REST APIs using Java, Hibernate, and Spring Boot.
- Designed and developed microservice-based modules for modular and maintainable application architecture.
- Collaborated with product managers, designers, QA, and engineering teams to translate business requirements into technical solutions.
- Participated across the software development lifecycle from requirements analysis and design through implementation and maintenance.
- Applied clean coding practices, technical documentation, debugging, and production-focused development.

AARAV GLOBAL PRODUCTS & SERVICES PVT. LTD. *August 2021 – August 2022*

Client: State Bank of India (SBI) | Pool Purchase & Management System

Web application for SBI staff to obtain, validate, bucket, and manage pooled loan accounts and track loan tranches.

- Participated in requirements gathering, analysis, application design, and technical documentation.
- Implemented backend business logic using Spring and web services.
- Developed REST APIs using Java, Spring Boot, Hibernate, and RESTful services.
- Implemented Spring IoC, Spring Transactions, Spring AOP, and Spring Security components.
- Implemented authentication and authorization using Spring Security.
- Worked with custom exception handling, Swagger API documentation, and SQL Server.

ADDITIONAL EXPERIENCE

IKSULA SERVICES PVT. LTD. — Content Writer | May 2019 – June 2021

NET EDUCATION ENTREPRENEURSHIP AND LEADERSHIP PVT. LTD. (JARO EDUCATION PVT. LTD.) — Content Writer | October 2018 – May 2019

JOHNSON CONTROLS PVT. LTD. — Software Engineer Trainee (Internship) | August 2017 – May 2018

EDUCATION

- M.Sc. (Information Technology) — University of Mumbai (2023-2025)
- Seed Certified Technology Specialist in JAVA — Seed Infotech (2016–2017)
- B.Sc(Mathematics + Computer Programming) (2013–2016)
